TREES BPC continues to work hard alongside Forestry England to preserve healthy trees, as well as replace those that must be felled due to disease or damage. You will be aware that unfortunately two diseased oak trees recently had to be removed in Pound Lane. BPC will endeavour to repeat the success of the previous sapling replacements in Pound Lane, whilst working with the agencies that must be consulted in this very special area. We understand that a lot of people are rightly concerned when trees are felled, particularly at this time when the climate and ecological emergency is being highlighted by COP26. Forestry England are responsible for maintaining all the trees on Crown Land and as such should be able to answer any queries that you may have. Please contact them directly at Queen's House, Lyndhurst or via email at: southern.enquires@forestryengland.uk

ROADS AND TRAFFIC Cllr Cook is currently undertaking a survey of village roads so that a report may be sent to HCC to request works such as repainting of roundels and double yellow lines. As always, your support is required for the reporting of potholes – please note then when uploading a photo to the HCC website it is identification of the site

area that is needed to locate the pothole requiring attention and not a picture of the hole itself.

AUTUMN LITTER PICK A very big thank you to the 21 adults and 12 children that volunteered their time to the BPC autumn litter pick. 29 sacks of rubbish were collected: we could not have done it without you all and your support is, as always, very much appreciated.
